Illinois Alternate Fuels Rebate Program

- Started in 1999
- Provides rebates for purchasing alternate fuel vehicles, converting an existing vehicle to an alternate fuel (EPA-certified), or for E85 or Biodiesel (B20+) fuel purchases
- Eligibility: Small businesses, corporations, local governments, non-profit organizations, schools and universities, utilities, individuals
- Note: Federal Government is not eligible

Illinois Alternate Fuels Rebate Program

- For natural gas vehicles and conversions, we have issued over \$1.7 Million for 480 CNG vehicles; over 800 CNG vehicles accounted for in the Chicago area
- Our CNG Green Fleets include small businesses, as well as local governments, universities, mass transit, etc.
- Increasing number of calls from individuals looking at CNG vehicles
